AQUARIA AI LLC

TERMS AND CONDITIONS OF USE

Effective Date: March 9, 2026

PLEASE READ THESE TERMS AND CONDITIONS CAREFULLY BEFORE USING THE AQUARIA AI APPLICATION. BY ACCESSING OR USING THE APPLICATION IN ANY MANNER, YOU ACKNOWLEDGE THAT YOU HAVE READ, UNDERSTOOD, AND AGREE TO BE LEGALLY BOUND BY THESE TERMS AND CONDITIONS. IF YOU DO NOT AGREE TO THESE TERMS, YOU MUST IMMEDIATELY CEASE ALL USE OF THE APPLICATION.

1. PARTIES AND ACCEPTANCE

These Terms and Conditions ("Agreement") constitute a legally binding contract between you ("User" or "you") and Aquaria AI LLC, a limited liability company organized and existing under the laws of the State of New Jersey ("Aquaria AI," "we," "us," or "our"), governing your access to and use of the Aquaria AI mobile and web application, including all features, content, and services offered therein (collectively, the "App").

By accessing, downloading, installing, or using the App in any way, you affirmatively agree to be bound by this Agreement in its entirety. This Agreement is effective upon your first use of the App and remains in full force for the duration of your use. Your continued use of the App following any modification to this Agreement constitutes your acceptance of the revised terms.

---

2. ELIGIBILITY

You must be at least eighteen (18) years of age to use the App. By using the App, you represent and warrant that:

- You are at least 18 years of age;
- You have the legal capacity to enter into a binding agreement;
- You are not prohibited from using the App under applicable law; and
- All information you provide in connection with the App is accurate, current, and complete.

If you are using the App on behalf of a business or other legal entity, you represent that you have the authority to bind that entity to this Agreement.

---

3. NATURE OF THE APP — ARTIFICIAL INTELLIGENCE DISCLOSURE

THE APP UTILIZES ARTIFICIAL INTELLIGENCE ("AI") TECHNOLOGY TO GENERATE RECOMMENDATIONS, ANALYSES, SCHEDULES, AND OTHER INFORMATIONAL CONTENT RELATED TO AQUATIC ANIMAL CARE AND MAINTENANCE.

You expressly acknowledge and agree to all of the following:

- The App is powered by AI systems that generate responses based on patterns in data. AI-generated content may contain errors, omissions, inaccuracies, or outdated information.
- AI recommendations provided through the App are inherently probabilistic and may not be appropriate for your specific animals, tank conditions, or circumstances.
- The App does not replace the judgment of a licensed veterinarian, marine biologist, aquatic specialist, or other qualified professional.
- Aquaria AI does not guarantee, warrant, or represent the accuracy, completeness, reliability, or fitness for any particular purpose of any AI-generated content.
- AI technology is continuously evolving, and results may vary. The App may produce different outputs for similar inputs.

ALL CONTENT GENERATED BY THE APP IS PROVIDED FOR INFORMATIONAL PURPOSES ONLY. IT IS THE SOLE RESPONSIBILITY OF THE AUTHORIZED USER TO INDEPENDENTLY VERIFY THE ACCURACY AND SAFETY OF ANY SUGGESTION, RECOMMENDATION, OR INFORMATION PROVIDED BY THE APP BEFORE TAKING ANY ACTION.

3.1 Use of Anonymized and Aggregated Data

By using the App, you grant Aquaria AI a perpetual, irrevocable, royalty-free right to collect, use, and process anonymized or aggregated data derived from your use of the App — including but not limited to care patterns, tank parameters, AI interaction data, and usage behavior — for the purposes of improving the App, developing new features, and enhancing the performance and accuracy of AI models. Such anonymized or aggregated data will not identify you personally and will not be shared with third parties in a form that identifies you.

You may opt out of your data being used for AI model training and service improvement purposes by contacting us at info@aquaria-ai.com. Opting out does not affect the core functionality of the App or our right to use data that has already been anonymized and aggregated prior to receipt of your opt-out request.

---

4. NOT PROFESSIONAL ADVICE

Nothing contained in the App, including any AI-generated output, constitutes veterinary advice, medical advice, scientific advice, or any other form of professional advice. The App is not a substitute for professional consultation with a licensed veterinarian or aquatic animal care specialist.

In the event that your animal exhibits signs of illness, distress, or abnormal behavior, you should immediately consult a licensed veterinarian. You should not delay seeking professional care based on information provided by the App.

---

5. USER RESPONSIBILITIES

As a condition of using the App, you agree that you are solely and exclusively responsible for:

- The health, welfare, safety, and well-being of all animals in your care;
- Independently verifying the accuracy and appropriateness of any recommendation or suggestion provided by the App before acting upon it;
- Ensuring that any action you take is safe for your animals, yourself, other persons, and property;
- Complying with all applicable federal, state, and local laws, regulations, and ordinances governing the ownership, care, and maintenance of aquatic animals;
- Maintaining appropriate conditions for your animals consistent with accepted standards of aquatic animal husbandry; and
- Securing your account credentials and ensuring that only authorized individuals access your account.

The App is a supplementary informational tool only. Your independent judgment and responsibility as an animal owner or caretaker is not diminished or replaced by your use of the App.

---

6. PROHIBITED USES

You agree that you will not use the App, directly or indirectly, for any of the following purposes:

- Any illegal or unauthorized purpose, including but not limited to violation of any federal, state, or local law or regulation;
- The illegal trade, transport, or possession of protected, endangered, or prohibited aquatic species;
- Cruelty to animals or any conduct that causes unnecessary suffering to any animal;
- Uploading, transmitting, or sharing content that is unlawful, defamatory, obscene, harmful, threatening, abusive, harassing, or otherwise objectionable;
- Infringing the intellectual property rights of Aquaria AI or any third party;
- Attempting to gain unauthorized access to any portion of the App or its underlying systems;
- Reverse engineering, decompiling, disassembling, or otherwise attempting to derive the source code or underlying algorithms of the App;
- Using the App to transmit malicious code, viruses, or any technology that could harm Aquaria AI or its users;
- Scraping, data mining, or otherwise extracting data from the App without express written permission;

- Impersonating any person or entity or misrepresenting your affiliation with any person or entity;
- Sharing another user's private messages, personal information, or content without that user's express consent;
- Using any community or social feature of the App to solicit, groom, exploit, or engage in inappropriate communications with minors; and
- Coordinating or facilitating illegal animal trade, smuggling, or any unlawful commerce through any feature of the App.

Violation of any of the above may result in immediate termination of your access to the App, and may subject you to civil and/or criminal liability.

7. USER-GENERATED CONTENT AND PHOTO UPLOADS

7.1 License Grant — Private Uploads

The App allows you to upload photographs, images, and other content privately for the purpose of obtaining AI-generated analysis and recommendations ("Private User Content"). By uploading Private User Content, you grant Aquaria AI LLC a non-exclusive, royalty-free, perpetual, irrevocable, worldwide license to use, reproduce, store, process, and analyze such content solely for the purposes of:

- Operating and improving the App and its AI systems; and

Private User Content is not displayed publicly on the App unless you affirmatively choose to share it through a social or community feature, if and when such features are available.

7.2 License Grant — Publicly Shared Content

To the extent the App offers social or community features, if and when you choose to share photographs, images, or other content publicly within those features ("Public User Content"), you grant Aquaria AI LLC a broader non-exclusive, royalty-free, perpetual, irrevocable, worldwide, sublicensable, and transferable license to use, reproduce, modify, adapt, publish, distribute, publicly display, and otherwise exploit such Public User Content for any lawful business purpose, including:

- Operating and improving the App and its features;
- Developing and training AI models;
- Marketing, promotional, and advertising materials across any media, channel, or platform; and
- Internal research and development purposes.

7.3 Promotional Use

You expressly acknowledge and agree that Aquaria AI LLC may use photographs and images you share publicly through any social or community feature of the App in promotional and

marketing materials, including but not limited to social media, website content, advertising campaigns, and press materials. Privately uploaded images used solely for AI analysis will not be used for promotional purposes without your separate consent. If you do not wish publicly shared images to be used for promotional purposes, you should not share such images through any public feature of the App.

7.4 Representations Regarding User Content

By uploading or sharing any User Content, you represent and warrant that:

- You own or have the necessary rights, licenses, and permissions to submit the content and to grant the licenses described herein;
- Your content does not violate the privacy rights, publicity rights, intellectual property rights, or any other rights of any person or entity;
- Your content does not contain material that is unlawful, harmful, or otherwise objectionable; and
- You have obtained all necessary consents from any identifiable individuals appearing in your content.

7.5 Content Removal

You may request removal of your User Content at any time by contacting us. However, you acknowledge that removed content may persist in cached, archived, or backup copies for a period of time, and that content already shared with or re-shared by other users cannot be recalled or deleted by Aquaria AI.

---

8. NOTIFICATIONS AND SCHEDULED REMINDERS

The App may provide push notifications, scheduled reminders, and automated alerts related to aquatic animal care tasks (collectively, "Notifications"). By enabling Notifications, you acknowledge and agree that:

- Notifications are provided as a convenience feature only and do not constitute a guarantee of any animal health or care outcome;
- Aquaria AI does not warrant the accuracy, timeliness, or delivery of any Notification;
- Technical failures, device limitations, network interruptions, or software errors may result in Notifications being delayed, missed, or incorrectly delivered;
- You are solely responsible for establishing and maintaining appropriate care routines for your animals, independent of any Notification received or not received from the App; and
- Aquaria AI shall not be liable for any harm, loss, or damage arising from your reliance on, or failure to receive, any Notification.

---

9. THIRD-PARTY SERVICE PROVIDERS

The App may integrate with or rely upon third-party service providers, including artificial intelligence model providers, cloud infrastructure providers, and other technology vendors ("Third-Party Providers"). You acknowledge and agree that:

- Aquaria AI LLC expressly disclaims all liability for the acts, omissions, errors, service interruptions, or outputs of any Third-Party Provider;
- Third-Party Providers are governed by their own terms of service and privacy policies, which you are encouraged to review;
- Aquaria AI does not control and is not responsible for the content, accuracy, or conduct of Third-Party Providers; and
- The availability or performance of the App may be affected by Third-Party Provider limitations or outages, for which Aquaria AI accepts no liability.

Aquaria AI does not control, monitor, endorse, or guarantee the accuracy, safety, or appropriateness of content shared by users through Social Features. You acknowledge and agree that:

- Advice, recommendations, or information shared by other users in chat, comments, or community posts does not represent the views of Aquaria AI and has not been reviewed or verified by Aquaria AI;
- You should not rely on peer-shared content as a substitute for professional veterinary or specialist advice;
- Aquaria AI is not liable for any harm, loss, or damage arising from your reliance on content shared by other users; and

10.3 Content Moderation

Aquaria AI reserves the right, but does not assume any obligation, to monitor, review, remove, or restrict access to any User Content or communications shared through Social Features at any time and for any reason, in its sole discretion, without notice. 10.4 Blocking and Privacy Between Users

To the extent Social Features are available, the App may provide tools allowing you to block, mute, or restrict interactions with other users. You acknowledge that:

10.6 Age Verification and Minors in Social Features

Social Features are intended solely for users who are eighteen (18) years of age or older. If and when Social Features become available, Aquaria AI may implement additional age verification measures. Any user found to be under the age of eighteen using Social Features will have their access to such features immediately terminated. You agree not to facilitate access to Social Features by any person under the age of eighteen.

You may not reproduce, distribute, modify, create derivative works of, publicly display, or commercially exploit any portion of the App without Aquaria AI's express written consent.

15. PRIVACY

Your use of the App is subject to Aquaria AI's Privacy Policy, which is incorporated herein by reference. By using the App, you consent to the collection, use, and sharing of your information as described in the Privacy Policy. Their inclusion does not represent that such features are currently available.

To the extent the App offers Social Features that host or transmit user-generated content, Aquaria AI may be entitled to protections under Section 230 of the Communications Decency Act (47 U.S.C. § 230), which generally provides immunity to interactive computer service providers for content created by third-party users. Nothing in this Agreement waives or limits any such immunity available to Aquaria AI under applicable law.
